

Sweeney Healthcare Enterprises

Colleen Sweeney RN, BS

The letter of Appreciation

Dear Colleen!

I heartily thank you for your participation in the IV all-Russian scientific and practical conference with international participation "Practice of developing and implementing a quality management system in a medical organization", which was held online for the first time September 24-25, 2020 in Krasnoyarsk.

In today's difficult conditions, your expert opinion and ideas that were voiced during the report on the nurse through the eyes of a patient, were highly appreciated and arouse great interest among conference participants.

I am sure that your work will let medical organizations reach a new level in matters of quality and safety medical activity.

I Wish You and Your team new ideas, success in work, health and creative energy!

**Yours faithfully,
Chief doctor, KGBUZ KKB**
